General guidelines for your poster preparation:

1. Prioritize the use of figures and plots but remember this is a virtual conference. People need to understand your message and you will not be standing in front of your poster.

2. Use font sizes between 14-18pt.

3. Preparing your poster is like telling a story. Do your story has a beggining, development and conclusion?

4. Do not forget to include your institution name, logo and address. Also make sure your e-mail address is noticiable so people can reach you about your work

5. Be creative!!! ☺
